TALBOTT T RANGE HAND FED

The Talbott T Range Hand Fed units are available in four different sizes: the Talbott T75, T150, T300 and T500. They are the UK's original range of hand fed wood burning heaters and are ideal to use wood offcuts as a fuel for factory space heating.

The Talbott T Range Hand Fed series of wood fired unit heaters are manual hand fed systems with a range of advanced product features including:

- 25kW to 150kW heat output options
- Manual system
- Hot air units for simple factory space heating
- Practical, low-maintenance design
- Robust construction with firebrick-lined combustion chamber
- Heat dumps and ducting available
- Clean Air Act exempt within smoke control areas whilst also burning fuels such as MDF and chipboard

- ✓ Wood Offcuts
- ✓ Softwood
- ✓ Chipboard
- ✓ Hardwood
- ✓ MDF
